Logotype

Logotype

Wordmark

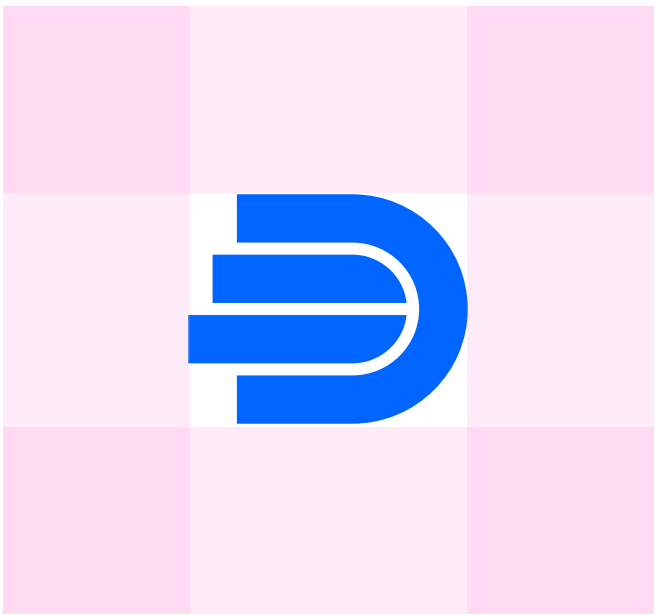

Brandmark

The logo's clear space is defined by the constant X, taken from the dimensions of the letter A in the wordmark. This protective area ensures the logo always has room to breathe, maintaining clarity and presence in every layout.

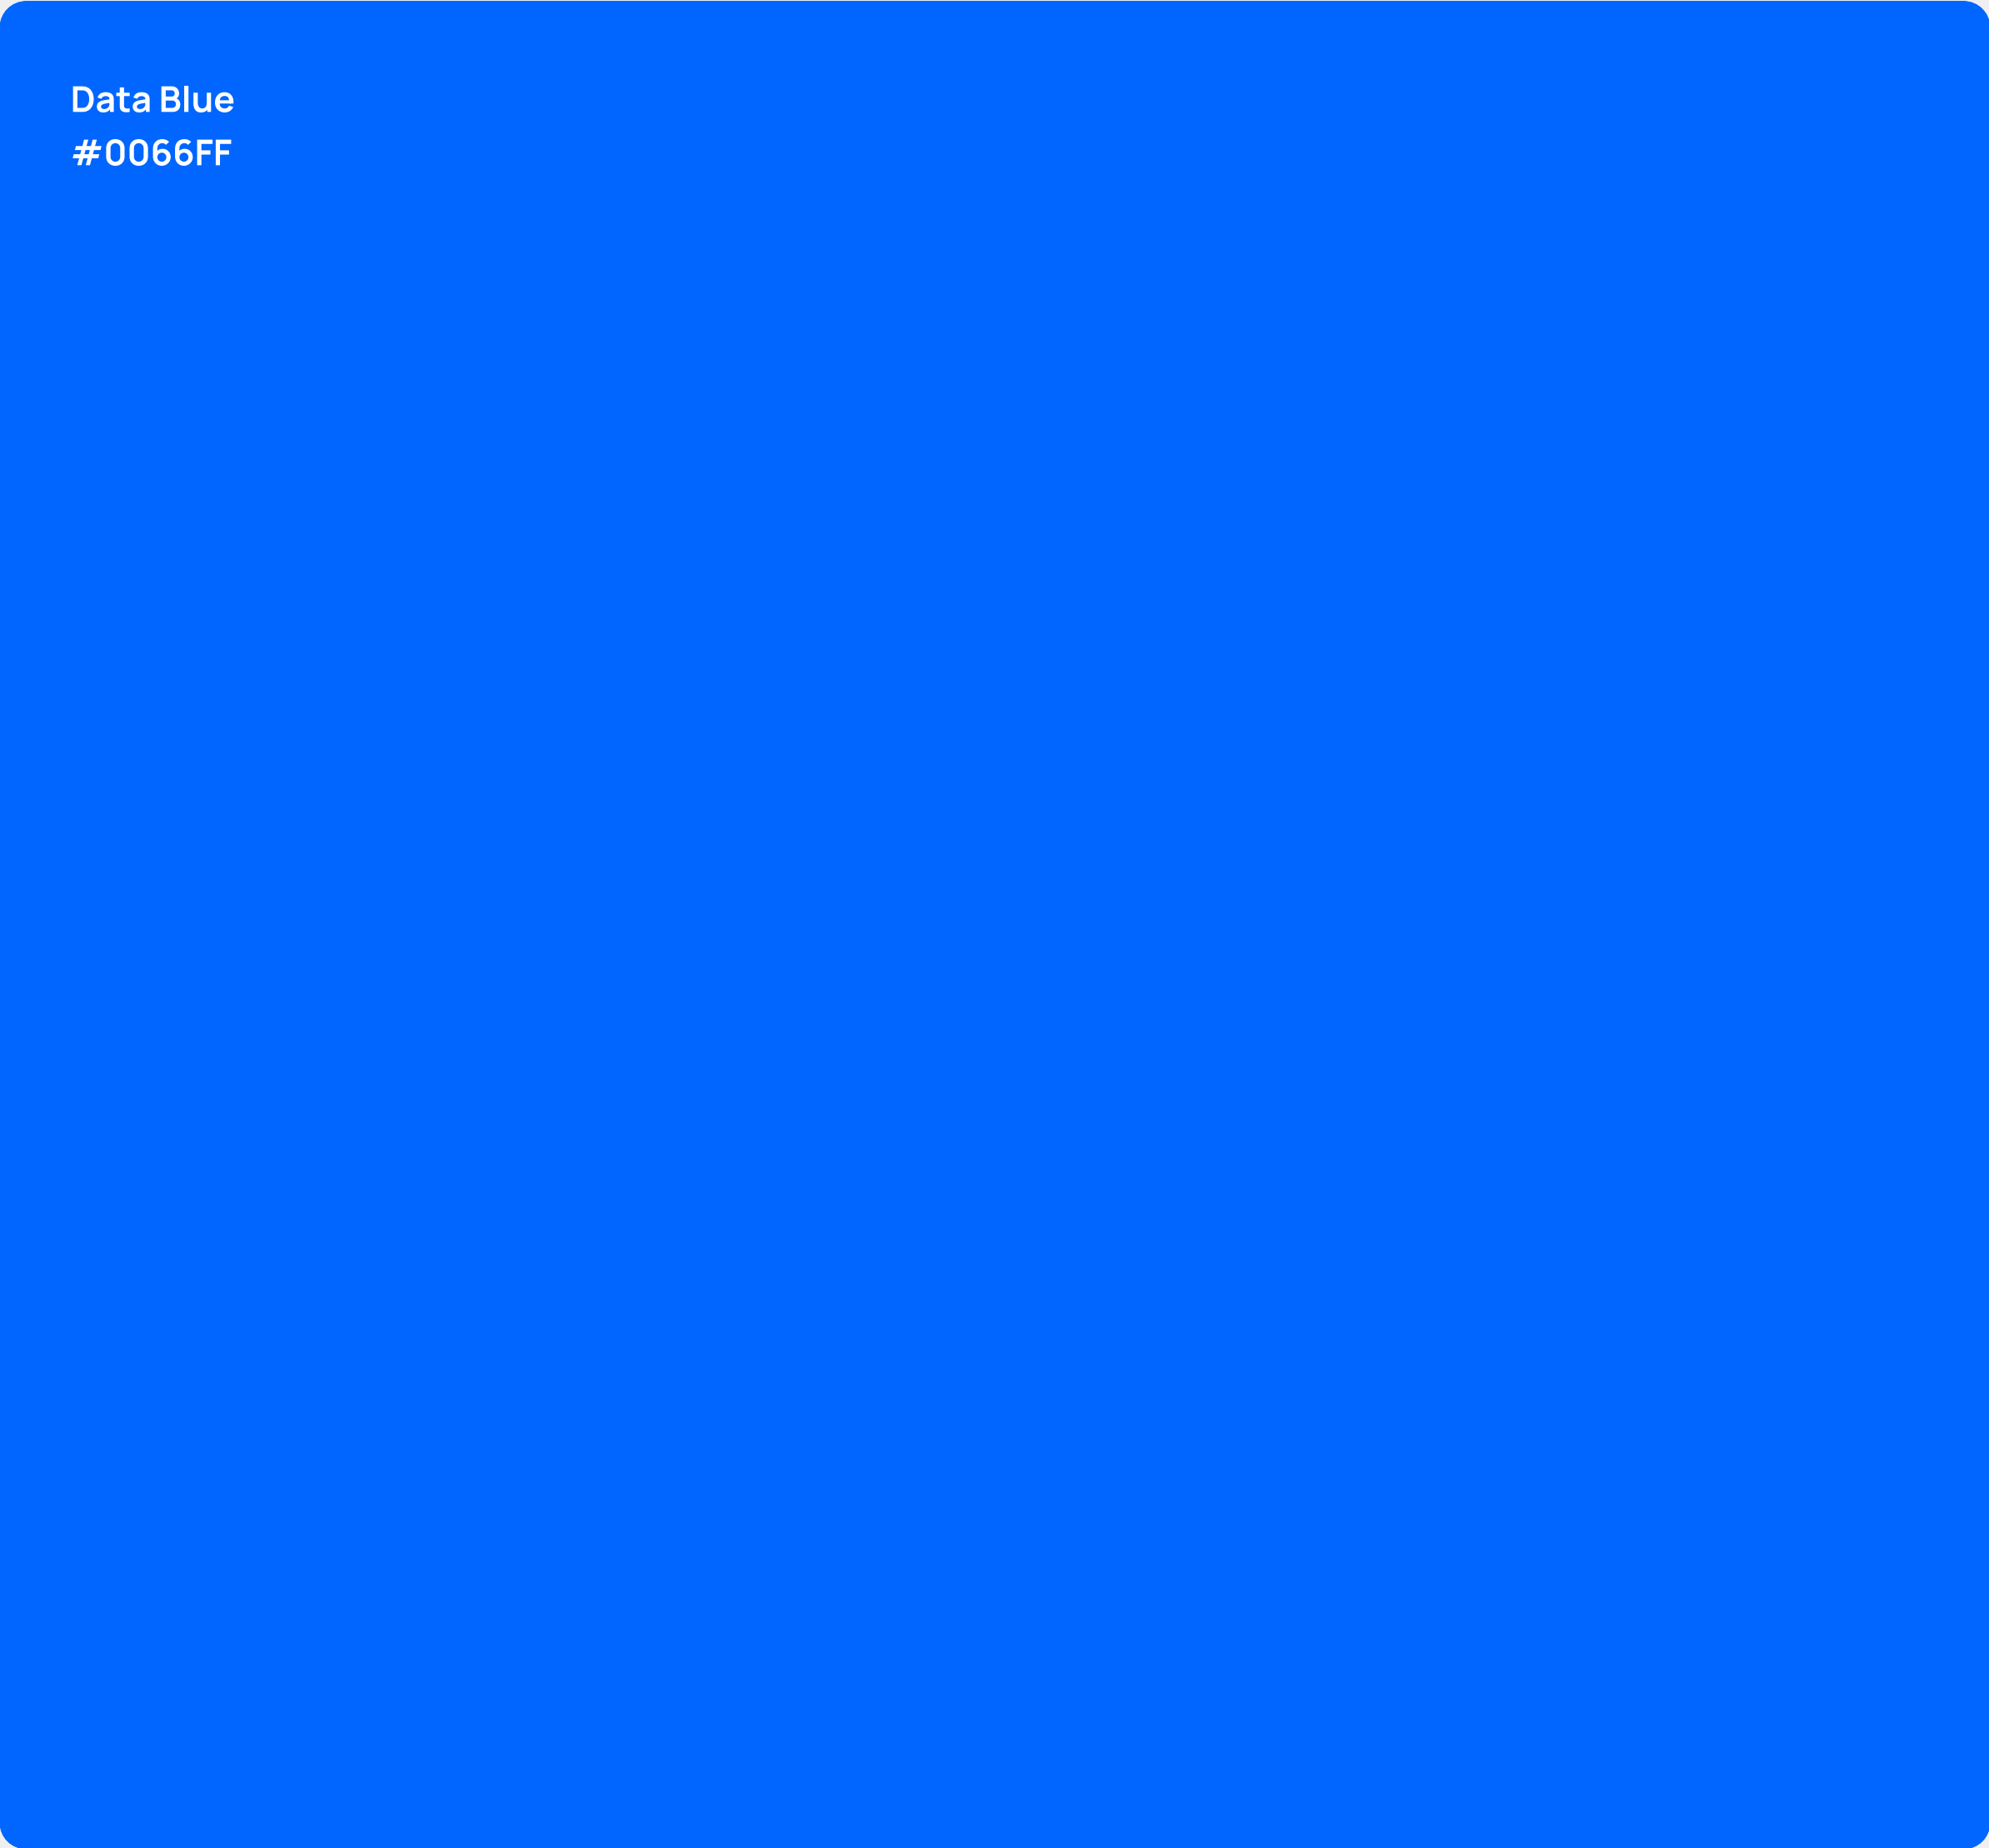

X

Color

Our color palette plays a critical role in brand recognition. It brings clarity to complex information, supports accessibility, and creates a cohesive visual language across the Datadivr platform and communications.
